

The Rising STAR Presents ...

The Official Introduction to Capability Maturity Model^{®1} – Integrated for Systems Engineering/Software Engineering/IPPD Version 1.02

> Why take our word? Witness the unfolding of the 21st Century Management Paradigm for yourself

CMMISM as it is popularly known; it is next in the evolution of the family of CMM models. The Software Engineering Institute, Carnegie Mellon University, released Version 1.02 of the CMMI-SE/SW/IPPD in November 2000 as a Technical Report.

As the only transition partner with the Software Engineering Institute in Asia, SITARA Technologies offers Introduction to CMMISM and SCAMPISM assessments. We have the expertise and specialist knowledge to share on how you can leverage the full potential of the CMMISM in your process improvement initiatives.

COURSE TOPICS

- ✦ CMMI Overview
- ✦ Introduction
- ✦ Engineering Process Maturity: CMMI Principles
- ✦ Capability levels and process areas of the CMMI Model
- ✦ Linking the process areas together
- ✦ Interpreting CMMI & Application of CMMI

DELEGATE PROFILE

- ✦ Senior Management
- ✦ Software Reliability Engineering Team
- ✦ Process Champions
- ✦ Software Engineering Process Group
- ✦ Change Agents
- ✦ Measurement Team

SCHEDULE

- ✦ Introduction to CMMI is a 3-day Course
- ✦ Days One - Three: 9:30 AM to 5:30 PM

PREREQUISITES

- ✦ No prior knowledge of CMMI-SE/SW/IPPD is assumed
- ✦ Knowledge of the CMM for Software would be an advantage
- ✦ Participants must have knowledge of systems engineering, software engineering, and management principles
- ✦ Exposure to Quality Assurance, Configuration Management and Reliability Engineering
- ✦ This course will fulfill one of the prerequisites for CMMI-Based Appraisal training

RAGHAV S. NANDYAL
Authorized SEI
Course Instructor

Raghav S. Nandyal has numerous years of consulting, software engineering and management experience. He is among the very few SEI authorized lead assessors on the SCAMPISM Method, the Software CMM and the People CMM in the world – **the only one in Asia.**

He has been a prime consultant, coach and an assessor on Software and People-CMM based process improvement initiatives in leading multinationals worldwide since 1996. He is a respected authority in areas of Software Engineering and Management and is on the international review panel for IEEE Software.

He has trained a number of people in the United States of America, India, Bangkok and South Korea on Software and People CMM. He is currently the Founder and CEO of SITARA Technologies Pvt. Ltd. – a professional services Company with focus on strategic management consulting. SITARA Technologies is the only transition partner with the Software Engineering Institute in Asia on CMMI-SE/SW/IPPD and SCAMPISM.

DATES & VENUE :

Introduction to CMMI-SE/SW/IPPD, Version 1.02 (Staged Representation)	JAN 9, 2002 - JAN 11, 2002 (HYDERABAD)
	JAN 16, 2002 - JAN 18, 2002 (BANGALORE)
Introduction to CMMI-SE/SW/IPPD, Version 1.02 (Continuous Representation)	JAN 23, 2002 - JAN 25, 2002 (HYDERABAD)
	JAN 30, 2002 - FEB 01, 2002 (BANGALORE)
TAJ RESIDENCY Road No. 1, Banjara Hills, Hyderabad, AP-500 034. INDIA PHONE: +(91-40) 339-3939, 666-3939	The TAJ WEST END Race Course Road, Bangalore, Karnataka-560 001. INDIA PHONE: +(91-80) 225-5055

COURSE FEE

- ✦ For Indian Delegates : **Rs. 35,000***
- ✦ For Foreign Delegates : **US\$ 950***

By Pay Order or Demand Draft ...

Favoring SITARA Technologies Pvt. Ltd. payable at Hyderabad, Andhra Pradesh

* EARLY-BIRD OFFER

- ✦ 10% Discount For Registrations Received Before December 19, 2001.
- ✦ Class size is restricted to a maximum of 25 seats on a first-come-first-served basis.
- ✦ For more information contact SITARA Technologies at www.SITARATECH.com (or) email: raghav_nandyal@SITARATECH.com (or) call: +(91-40)-651-0065
