Street #5, Himayatnagar
Hyderabad, AP 500 029

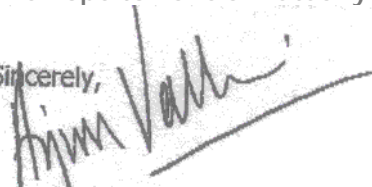

Dear Raghav:

I am writing this letter to indicate our willingness to use the services of SITARA Technologies Pvt. Ltd. to provide consultancy and implementation support on our on-going Software CMM and People CMM process improvement programs at Intelligroup.

We have derived a number of benefits from using your expertise on these two initiatives since February 1999. Customer complaints have reduced significantly and the Customer Satisfaction Survey results indicate, "Exceeded Expectations" on most counts that translate process improvements to our business objectives. With the People CMM program initiated by you, our ability to retain employees and their satisfaction has also been significant.

The extremely short cycle times in which the Advanced Development Center of Intelligroup Asia has transitioned from being an ISO 9001 in December 1998 to a SW-CMM Level 5 in October 2000 and P-CMM Level 2 in May 2000 stand testimony to your expertise in the areas of software engineering and process reengineering using the two CMM frameworks.

We hope to have a mutually rewarding relationship on our future rollouts.

Sincerely,

Arjun Valluri
Chairman & CEO
